The committee consider that it would be reasonable for a group of four players to take an average of 15 minutes per hole. (4 hours & 30 minutes for the round).

A player is allowed 40 seconds to play a shot. Time commences when the player reaches his ball, or when it is the players turn to play.

Each group must maintain its position in the field with respect to the group in front of them. Any group with a clear hole in front of them will be considered out of position. Any such group found out of position will be monitored and penalties will be issued.

Should a situation exist between the host club and the course management regarding the pace of play in pennant then the host club may appoint a course marshal to dispense penalties in line with the Special Rules and conditions applying to Pennant finals.

The opposing team may also appoint a marshal for the match. The appointed marshal's must be non-players and may be the team managers.

PACE OF PLAY

In accordance with Rules of Golf and the pace of play, Rules 5-6 will be strictly enforced during this competition.

Penalties will be issued to individuals in such groups who by their pace contribute to such delay. Warnings may not be issued prior to penalties. Any following group in that contest will be considered out of position if the group :-

- (a) falls behind; and,
- (b) is taking more than 15 minutes per hole to play.

Any such group found out of position will be monitored.

MONITORING OF PLAYERS:

The time each competitor takes to play each stroke will be recorded.

Any competitor in a group out of position who takes more than 40 seconds to play a stroke on two occasions on that hole or any subsequent hole that is monitored, will incur automatically a penalty of loss of hole under Rule 5.6. Monitoring will continue until the group is considered to be playing at a reasonable pace (i.e. 15 minutes average per hole) for a minimum of two consecutive holes. A competitor incurring such a penalty will be notified at the completion of the hole.

The timing of a competitor's stroke will be when he has had reasonable opportunity to reach his ball, it is his turn to play, and he could play without interference by another person or another ball.

Except on the putting green, if a competitor has reached his ball, it is his turn to play and there are no distractions, he will be allowed a few seconds to select his club, after which the timing will begin. Thus, and time spent in walking backward and forward for measuring purposes will count as part of the time taken for the next stroke.

On the putting green, the timing will begin after a competitor has been allowed a reasonable amount of time to lift and clean his ball, repair his ball mark and remove loose impediments on the line of putt.

Undue delay may also occur between strokes. Accordingly a competitor may be subject to penalty under Rule 5.6 even if he plays each of his strokes in less than 40 seconds.
